BOE ONE-STOP	Board of Elections Office	50 foot	Yes	Yes

*The Gaston County School Board has a policy on the placement of campaign signs on school property. Campaign signs are allowed on school property that is being used as a polling place, BUT the placement of signs must occur after school or any school-related event has ended on the Monday before Election Day. I ask that any signs on school property be collected either after the polls have closed on Election Day or the day after.
