RE: REQUEST FOR WATER ON AT: _____

_____ am the property owner/manager for the *above* referenced property located in the city of Roseville, Michigan. I am requesting the City of Roseville turn the water on at the curb box. If this water is currently turned off and the house is winterized, I understand that turning the water back on & reinstalling the meter (if applicable) will de-winterize this property and I will, in no way, hold the City of Roseville responsible for any and all damage that may occur as a result of this action.
