

## History of Meadow Breeze

Meadow Breeze Park is a 70 acre active recreation area maintained by the Washington Township Public Works Department and managed by the Washington Township Recreation Commission.

The “Old Park” consists of 26 acres on the north side of Brass Castle Creek.

The “Old Park” contains a football field (F1), baseball / softball fields (D1 – D4), a soccer/lacrosse field (S4), and areas for whistle soccer and t-ball. There are also horseshoe pits, a food stand, tennis courts, a playground, a basketball court, announcing booth and a field house.

On the northern end of the “Old Park” is a section of the Morris Canal with a walking trail. The Canal basin can be used for ice-skating in the winter months. The old municipal building on the north side of the canal is now used for parks and recreation.

The “New Park” was completed in 2001. The project was funded through a Green Acres Grant.

The “New Park” consists of 54 acres with sections on both sides of

Meadow Breeze Lane. There are four soccer/lacrosse fields (S1-S4), three baseball/softball fields (D5-D7), sand volleyball courts and three basketball courts.

On the east side of Meadow Breeze Lane there is a large playground facility, a pavilion and restroom facilities. The “New Park” has nearly 2 miles of paved walking trails.

For information on renting the pavilion or tennis court membership, call the Township Clerk at 908 689 7200

Use is limited to daylight hours.

Please do not litter

Dogs must be leashed
