

TAKEAWAY™

ENVIRONMENTAL RETURN SYSTEM

North Dakota's Medication Disposal Program

ACCEPTABLE:

Unused or expired medicines prescription (Rx) or over-the-counter (OTC), including:

- pills, tablets, capsules
- ointments
- creams
- lotions
- powders
- inhalers, nebulizer solutions
- liquid medicines ≤ 4 oz.
 - solutions, suspensions
 - liquids must be wrapped in a paper towel and placed in a sealed plastic bag before being placed in a TakeAway™ container

NOT ACCEPTABLE:

Controlled substances (such as):

- Adderall, Vicodin, Demerol, Hydrocodone, MS Contin, Ambien

Any sharps (such as):

- Syringes, lancets

Liquids > 4 oz.*

Thermometers*

Home based care (HBC) or durable medical equipment (DME) supplies (such as):

- Rubbing alcohol, hydrogen peroxide*

*contact local household hazardous waste facility

Products should be left in the packaging the medication was dispensed in. This will provide a means of disposing of the packaging, contain and protect the medication in transit, minimize any exposure and is also one of the requirements of the transporter.

TakeAway™ can only accept unused medications from patients or patients' caregivers. Inventory from a pharmacy or other healthcare facility is NOT acceptable.
